Farm Work Information

The Lockyer Valley is one of the most fertile farming regions in the world and the climate allows year round production of a variety of crops.

Our growers welcome backpackers who want to work, helping to bring in the harvest. Farm work is available for most of the year. Some farms employ their own labour, but most choose to provide work through contractors.

Our Visitor Information Centre cannot arrange work for you or guarantee that work will be available. Therefore we have created this guide to help you source relevant operators. There is also information to help you find suitable accommodation.

Please note that this is an information only brochure and Lockyer Valley Regional Council accepts no responsibility or liability for the services or actions of these operators and contractors.
